You Can Get a Payment from the National Mortgage Settlement

You may be eligible to receive a payment under the National Mortgage Settlement. My office, our state mortgage regulator, and the federal government have reached a historic settlement with the country's five largest mortgage servicers. The National Mortgage Settlement Administrator will send you important information within the next month about the Settlement and how to get a payment.

You will receive your information after <<mail date>>.

Please watch your mail for this package and read through it immediately. It will include a Claim Form that must be completed and returned promptly.

If you have questions after you receive your information package, you may call the toll-free number in the package, or visit www.nationalmortgagesettlement.com, where you can also file your claim online.
